# HAVE YOUR SAY ON THE FUTURE OF OXTED QUARRY

**COMMUNITY CONSULTATION  
NOVEMBER 2021**

Oxted Quarry, located on Chalkpit Lane, is a large industrial operation extracting chalk and providing infill for construction waste

The site is presently operating at up to 120 HGV lorry movements per day. However, a recent appeal decision confirmed that the quarry can operate up to 200 HGV lorry movements per day operating between the hours of 7am and 6pm, Monday to Friday, and up to 100 HGV movements between 7am and 3pm on Saturday. This can take place for the next 21 years.

**Significant concerns have been expressed by local residents about HGV lorry movements and in response, Southern Gravel, the operator of the Quarry, is now consulting with the local community on the future of the site. We are seeking views on the anticipated further increase in HGV movements and whether there would be support for an alternative housing proposal which would result in the closure of the quarry**

An alternative housing proposal could bring with it significant additional benefits to the local community such as the creation of a new country park.

Our initial public consultation setting out the options will take place during the second half of November 2021. This will be a chance for you to have your say on which direction you think is best for the next 20 years and beyond. We hope you will want to get involved.

**Details of how to take part either in person or online are set out on the next page**
